About Us

Welcome to Greenview, an Accomplish service that supports up to eight people with Mental Health Needs, Learning Disabilities and Autism. At Greenview, our primary focus is on person-centred care, ensuring individual needs are met while promoting independence. We value the essence of providing tailored support that allows each person to maintain control over their lives. Our outcome-driven approach underscores our commitment to empowering individuals to make choices that resonate with their unique journey toward well-being and fulfilment.

Our Approach

At Greenview, our approach revolves around the Recovery Star model and the Spectrum Star, pivotal tools used in assessing and monitoring individuals' progress upon arrival. These models empower us to collaborate closely with those we support, enabling the setting of achievable targets and valuing their input throughout their journey. We strongly believe in nurturing the potential of every individual and actively support them in reaching their goals. We ensure all care plans are from the perspective of those we support, so their voices shape their care. Regular monthly evaluations of these care plans maintain our commitment to quality and responsiveness.

Accommodation (rooms, ensuites, other facilities)

At Greenview, our facility boasts a spacious communal area combining a lounge, dining room, and kitchen, fostering a welcoming atmosphere. Within our premises, we have three ground-floor flats nestled inside the building and two additional flats situated in the back garden. Ground floor amenities include a laundry room and a communal toilet for convenience.

Our expansive back garden features a seating area with tables and benches, a dedicated smoking shelter, and a large table tennis setup, creating spaces for relaxation and recreation. On the first floor, you'll find three flats, a sensory/quiet room, and a shared bathroom, alongside a sleep room for our staff's use.

Each flat is generously sized and equipped with an en suite bathroom featuring a shower. The amenities include a washer/dryer, cooker, microwave, and fridge, ensuring self-sufficiency and comfort. All flats are tastefully furnished, comprising a sofa and essential bedroom furniture.

Our **integrity** and transparency in our work is reflected in our honest and transparent communication and sharing of results and learnings.

Our **caring** approach is centred on showing compassion and empathy, placing those in our care at the centre of all that we do, and always putting the people we support at the heart of all our actions.

Good News from Service

At Greenview, we're thrilled to share some remarkable achievements of the individuals we support. Two of the people we support are transitioning to step-down supported living, marking a significant milestone in their journey. Having spent extended periods in secure hospitals and prison, this move represents a tremendous leap toward independent living.

In another inspiring endeavour, three individuals supported at Greenview took charge of their holiday plans last summer. They independently researched, booked, and embarked on their trip without staff support, a fantastic life experience as none of them had flown before.

Moreover, one person supported is currently organising her wedding. She's doing remarkably well, managing the arrangements with confidence and control. These accomplishments exemplify the incredible growth and autonomy achieved by the individuals at Greenview.
